River and Harbor Bill Taken Up In the Senate.

THE BILL PASSED OVER THE VETO.

Vest Asseverates That it Was Not Intended That the Veto Power Should Be Exercised as Cleveland Has Exercised It.

Washington, June 3.—In the senate today after a sharp tilt for precedence between Pettigrew (Rep. S. D.), in charge of the Indian appropriation bill, and Vest (Dem. Mo.) in charge of the river and harbor bill veto, which he sought to have considered the senate decided 38 to 16 to take up the river and harbor bill and vote. Bates, Chilton, Harris, Palmer, Vilas Democrats, Brown, Morrill, Pettigrew Pritchard, Teller, Republicans, cast negative votes. The veto message was read.

In the senate Senator Vest made an argument in favor of passing the bill over the veto. He said the framers of the constitution never intended that the veto power should be exercised in the ordinary affairs of the government. It was designed to meet extraordinary emergencies when popular passion led to hasty legislation or when a constitutional question was involved. Washington exercised the veto twice; Madison five times, Jefferson and John Adams never. Mr. Vest then proceeded to controvert some of the president's statements. He said the general charge of extravagance, in view of the vast interests involved in the extent of the country, and the fact that the river and harbor bill covered two years the measure was comparatively reasonable. In it were items open to question; yet, as in all legislation, this was the result of a compromise. Mr. Vest said he wrote the chief of engineers for facts as to the statement of the president in which he says he had learned from official sources that the bill contained appropriations to serve private interests. No reply had been received but in response to a telegraphic query an answer came back that the letter had been referred to the secretary of war for instructions. No information on the subject had been given, "so that for reasons best known to the administration," said Mr Vest bitterly, "it is considered best not to go into details on these charges." In closing Vest said in the platform on which Cleveland was first nominated there was a strong plank for waterway improvements, and his early messages endorsed these improvements.

The senate passed the river and harbor bill over the president's veto, 56 to 5. The measure is now a law.

The bill prohibiting the issue of bonds, passed by the senate yesterday was considered by the house ways and means committee today. No action was taken but the sentiment seemed to favor an adverse report.

KENTUCKY DEMOCRATS.

Demonstrated That the Delegation to the National Convention Will be for Silver.

Lexington, Ky., June 3.—The state Democratic convention meets here this afternoon. Eleven district conventions met this morning to select district delegates to the National convention. The silver men controlled nine out of the eleven districts so that the Kentucky delegation, with four Free-Silver delegates at large is almost solid for the white metal. The district conventions also gave the silver men control of the state committee, as well as the convention committees. The gold standard men, except the Louisville districts, took little part in the proceedings but propose to contest in the state convention some parts of the programme decided on at the silver conference last night.

It was after two o'clock when the convention was called to order by Hon. Charles Long, chairman of the state central committee. The chairman is a gold standard man selected last year. He made a very mild speech saying he and those with him believed the party would make a most grievous error if it declared for free silver. It would be for the people to pass judgment on whatever action was taken next November. He closed with a eulogy of Cleveland and Carlisle declaring the latter would be the Democratic president if the party could have and exercise any clearness of political foresight. Hissing began when Long commenced his eulogy of Cleveland and became so pronounced that very few heard what he said about Carlisle.

KANSAS DEMOCRATS IN SESSION.

The Convention Will be for Free Silver—It Howled at the Mention of the 50 Cent Dollar.

Topeka, Kan., June 3.—The Democratic state convention met here today to name delegates to the Chicago convention. It will probably be late this afternoon before the delegates at large and district delegates are chosen. A canvass of delegates seem to indicate the delegation will be selected with iron clad instructions for silver. The national administration may receive a mild endorsement on Venezuela and some other measures, but is likely to get no crumb of comfort on the money question.

Sheridan, of Paola, was made temporary chairman, and in a speech straddled the financial question. He referred to Cleveland as "daring, intrepid, wise and patriotic," but when reference was incidentally made to free silver, the convention howled with applause.

His reference to the gold standard received a slight applause, followed by jeers from all parts of the house. The committees were appointed and a recess was taken till afternoon.

THE DERBY AT EPSON.

First Race Won by Any Prince of Wales for One Hundred and Eight Years.

Epson, Eng., June 3.—The famous Derby day opened cloudy with occasional showers which did not serve to decrease the throng in attendance which is among the largest in the history of the race. The scenes and incidents of the day are similar to those attending previous Derbys. Notwithstanding the morning rain the course was extremely hard which led to the withdrawal of some entires. Betting was unusually light. Eleven horses came to the post, among them Wales' colt Persimmon. Thirteen to eight on Leopold De Rothschild's Sterazquin; thirty-three to one on H. E. Beddington's Erwig. The start was made about half past three and the race was won by Persimmon. The princes' victory caused a scene of almost unparalleled enthusiasm about the race course. The prince is greatly pleased and personally led Persimmon to the weighing room amid hearty cheering. One hundred and eight years have elapsed since any Prince of Wales won the Derby.

THE SWISS REPUBLIC

Is Not Pleased that It Has Received No Reply to a Proposal to this Government

Berne, Switzerland, June 3.—The national council expressed regret that the United States failed to reply to the Swiss proposal for an aribtration treaty, and requested the Bundesrath to demand a categorical answer. The president of the confederation declined to make any demand though he expressed regret at the failure to receive a reply.

CHINESE ASSES.

A German Officer Murdered by Them and Now There is Trouble.

KAISER'S SQUADRON TAKES A HAND.

German Officers Who Were Loaned to China to Drill Their Soldiers Insulted and Abused—Satisfaction Demanded.

Shanghai, June 3.—The German officers lent to drill the Chinese army have been subjected for some time to indignities and outrages to force them to resign, now one of them has been murdered. The consequence of this is that the entire German squadron in the Chinese water has been ordered to Nankin where the murder occurred. It is believed Germany will withdraw the fifty officers now in the Chinese army. The Kansas rebels defeated the Chinese general, Fung, with terrible slaughter.

BUT SLIMLY ATTENDED.

The Convention of So-Called Business Men to Take the Tariff Out of Politics a Failure.

Detroit, June 3.—In view of the small attendance of the national non-partisan tariff convention it was decided not to form a permanent organization and the affairs of the association are left, meanwhile, in the hands of the executive committee. The name was changed to "The National Commercial and Industrial Association." It was decided the next convention should be held September 1, provided one-third of the members here represented sign a call therefore. The majority report of the tariff committee requested that a provisional committee frame a bill looking to the divorcement of the tariff from politics and present the same at the next meeting. A minority report in shape of a bill for creating a national tariff commission, members to represent the agricultural, commercial manufacturer and labor organization to study the question and make recommendations to congress. The majority report was adopted. The committee on consular service recommended placing that service in the hands of men acquainted with the business and international law their compensation to be based on the amount of exports from the United States to their respective countries as well as imports therefrom, adopted. Recommendations for the establishment of a government department of commerce and manufactures and trades were adopted. Adjourned.

SPRING VALLEY RIOT CASE.

Appellate Court Reverses the Former Finding.

Ottawa, Ill, June 3.—In an opinion handed down by the appellate court the Spring Valley riot case was reversed and remanded. In July, 1894, during the riots, the striking miners looted the store owned by the Spring Valley Coal company and stole and destroyed property and merchandise to the extent of $10,000. Major Jacks was appealed to by the company to protect its property, but the chief executive of the little city refused to interfere. The company then brought suit against the town of Spring Valley under an act to indemnify the owners of property from damages occasioned by mobs and riots. The case was then in Bureau county and the testimony was overwhelmingly in support of the allegations made by the company, but the prejudice was so strong that a verdict was rendered in favor of the city. The case will now be given another trial in the lower court.

Illinois Insurance Tax Law.

Springfield, Ill., June 3.—In the circuit court yesterday the case of the Union Central Life Insurance company, of Cincinnati, against the state superintendent of insurance of Illinois, to recover $5,000 paid by the company into the state treasury as tax on gross earnings under the reciprocal law, was decided by Judge Fouke in favor of the defendant. The law is one taxing the gross earnings of foreign companies doing business in this state. The plaintiff claimed it was inoperative, because no Illinois company did business in other states on the life plan. The case was appealed to the supreme court.

Escaped Twice from an Abductor.

Woonsocket, S. D., June 3.—Mary Jensen, if her assertions are true, has escaped twice from a would-be abductor. While crossing a bridge on the Big Sioux she was seized by a man, who demanded she should marry him. He threatened her with death if she disobeyed. She escaped, but last Saturday night, while Miss Jensen was alone in the house of her sister, the man broke down the door and compelled her to go with him. Miss Jenson accompanied her captor some distance. Then she thrashed him soundly, and he ran away.

QUAY STAGGERS PLATT.

He Sends a Telegram to Ascertain if Newspaper Reports Are Correct.

New York, June 3.—When Thomas C. Platt read Senator Quay's statement that McKinley would have 479 votes on the first ballot he sent a telegram to Senator Quay asking him if he had been correctly quoted. No reply has been received up to a late hour last night, and the gloom around the Republican state headquarters was thick.

Politicians generally regarded Quay's statement as a public announcement that he had thrown Platt, Clarkson and Manley overboard, and for his own interest had been compelled to yield to the overwhelming McKinley sentiment in Pennsylvania. It was also indicated in the talk of the knowing ones that Quay has stood by the anti-McKinley combine even after it became apparent that the Ohion's candidacy was irresistible, but that he was not willing to continue the fight which might lead to his own overthrow within a year after McKinley got into the White House.

Senator Platt's friends declare that even if it should be clear that Quay had decided to support McKinley, the fight would go on just the same. But the spirit has been knocked out of them. It has been a long time since Platt has received a blow such as he got Monday from the friendly hand of Quay.

BIG GIFT TO ST. LOUIS.

Helen Gould Donates $100,000 for the Relief of the Tornado Sufferers in the Missouri City.

New York, June 3.—It was learned in New York for the first time last evening that Miss Helen Gould had opened her bounty and had given a fortune in itself to the sufferers by the tornado at St. Louis. It was known that the young woman, who has gained the reputation of generosity when cases of emergency have arisen, was deeply affected by the terrible loss of life and property in St. Louis, but she said little of the matter to her friends. The truth came out yesterday when the following telegram, sent by Miss Gould yesterday, was wired back to New York by President Warner of the Missouri Pacific railroad, by whom it was received:

"Am sending $100,000 as a subscription to the fund for the relief of St Louis sufferers from cyclone. The city has our warm sympathy. Helen M. Gould."

In what form Miss Gould made this generous gift is not known, but it is surely by a method by which the money can immediately be placed where it will do the most good.

BLAINE'S BODY TO REST IN MAINE

Widow Decides to Take It from Oak Hill Cemetery, Washington.

Augusta, Me., June 3.—The body of James G. Blaine will be taken from Oak Hill cemetery Washington and brought to this city. Mrs. Blaine has decided to have both the body of her husband and her son Walker buried on Burt Hill here, and the removal will take place probably this month. Mrs. Blaine has purchased three acres on the front of the hill for that purpose. If Colonel Coppinger is willing, the remains of his wife, daughter of Mrs. Blaine, will also be brought here.

Indiana Sound Money League.

Indianapolis, Ind., June 3.—The sound money Democrats of Indiana propose to make the best fight they can between now and the meeting of the state convention, three weeks from next Thursday. The executive committee of Indianapolis Democrats, to which the sound money meeting last week instructed the management of the cause of sound money, has begun work. The committee is composed of Thomas Taggart, John W. Holxman, Samuel O. Pickens, Pierre Gray, Henry Russe, James M. Cummings, John W. Kern, Augustus Keifer, Charles F. Piel, John R. Wilson, Henry W. Lawrence, Wm. R. Myers, William D. Bynum, James E. McCullough, Michael O'Connor, Albert Lieber, James L. Keach, Fred W. Mack, John P. Frenzel and Samuel E. Routh. The committee organized yesterday by the election of Thomas Taggart, president; Pierre Gray, secretary, and John P. Frenzel, treasurer.

The meeting lasted several hours, and while the members of the committee are reticent in regard to what was done, it is understood that a comprehensive and vigorous campaign against the free silver "heresy" was outlined. Much of the work planned by the committee is to be done outside of the city. Every district in the state is to be looked after closely.

Killed a Man With His Fist.

Woodsville, N. H., June 3.—John Evans caused the death of Joseph Eggleston yesterday by a fist blow. Both men were in carriages and refused to turn out for each other. Evans struck Eggleston's horses with his whip, which caused a fight. Evans struck Eggleston with his fist, knocking him senseless. Evans left Eggleston in the road, went to Wells river, and surrendered himself to Justice Parker, offering to settle for the assault. Eggleston died in fifteen minutes. Evans is under arrest.

WEEKLY LETTER.

Events in Washington Noted by Our Special Correspondent.

DECORATION DAY DID NOT INTEREST

The Cabinet—The President, Vice President and the Other Cabinet Officers Give It No Attention—Only One Attended the Ceremonies.

Washington, June 2.—While no Republican in Congress contends that the River and Harbor bill which President Cleveland has vetoed and which will this week almost certainly be passed over his veto is a perfect measure, or that any previous bill of its kind was, every Republican in both branches of Congress will vote to pass the bill over his veto, because they believed it is, taken as a whole, a good measure and that the improvements provided for will mostly, if not all, be good commercial investments. The bill is in line with the system of internal improvements which the Republican party has always fostered and believed in. Besides these reasons, the failure of the bill to become a law would result in large losses by reason of the stoppage of many important improvements now under way.

It is now regarded as certain that Congress will not be in session later than next Monday or Tuesday, and there is a strong probability that adjournment will take place during the latter part of the week.

Although the President, Vice-President and every member of the cabinet except Secretary Morton was in Washington the only member of the administration who attended the memorial day exercises was Secretary Herbert, who is an ex-Confederate. This has been commented upon to a considerable extent, as there was no excuse other than want of inclination why these officials should not have paid their respects to the memory of the men who gave up their lives to make it possible for them to hold their present offices.

A majority of Congress feel reluctant to adjourn without doing something definite for Cuba, but any attempt to do anything would start an indefinite debate which might do more harm than good, with no certainty that anything could be done, anyway.

Senator Squier, as the first step towards the erection of a suitable memorial to Gen. Grant has introduced a bill providing for the erection of a Commission of the House and Senate joint Committee on the Library, and the Architect of the Capitol. The duties of this commision will be to secure from leading artists and architects, plans and estimates for a monument, each artist to make his own, and the estimated cost of the same. All of these plans are to be reported to Congress. After consideration, Senator Squier concluded that this was a better plan than that of his original bill, providing outright for a monument to Gen. Grant. He wishes the monument to be the best that can be suggested, and believes the creation of this commission is the best way to get it.

The silver Democrats are considerably stirred up over a consultation which Mr. Harrity the chairman of the Democratic National committee, had with Mr. Cleveland and Secretary Carlisle while he was in Washington. The consultation would not have worried the silver men much, as they knew that all the parties present had been doing all they knew how to do to down them for many months, had it not been for Harrity's announcement afterwards, that he intended to support the ticket and platform made by the Chicago convention. They don't believe that Harrity would support a silver candidate, and they fear that this announcement means that some trick has been concocted by which Harrity feels certain of defeating the silver men at the convention.

The Treasury deficit for the month of May exceeds $8,000,000, and for the eleven months of the present fiscal year is pushing $27, 000,000, and these figures are made as favorable as possible by the Democratic Treasury officials. If you wish to make Senator Brice mad you have only to mention Mr. Cleveland's name to him. He thinks of Mr. Cleveland what the late Wm. H. Vanderbilt once said of one of his sons-in-law. The trouble all came about through the fight between the silver and the anti-silver Democrats in Ohio. Although Senator Brice has no love for Mr. Cleveland since the tariff fight which resulted in the substitution of the German tariff bill for the original Wilson bill, he sometime ago called on him and told him that he would help to prevent the silver men getting the Ohio delegation to the Chicago convention. According to his friends, Mr. Cleveland gladly welcomed his offered assistance. It was not long, however, before Senator Brice found out that the "sound money" Democrats in Ohio were expected to become a mere Cleveland machine, to vote for him or for any man he might name, in case they got to Chicago. He also found out that instead of being credited for what he was trying to do, the Cleveland men were steadily trying to break down his influence in the party. He threw up in disgust, and now says he doesn't care what the Convention does.

The political gossips are all busy trying to figure out what was talked about at a conference between Senator Quay and ex-Senator Platt. These gentlemen met Saturday night, and it is fair to infer that their talk was interesting.

TEMPERANCE WORKPR'S SESSION

Indiana Roman Catholic Total Abstinence Union Convention.

South Bend, Ind., June 3.—The twenty-fourth annual state convention of the Catholic Total Abstinence Union of Indiana began in this city yesterday with about 100 delegates from all parts of the state present. Bishop Rademacher made a brief address at the close of the mass this morning, expressing great pleasure over the meeting and upon the work which the union is doing in the temperance cause. Committees on resolutions, organization and constitution and an auditing committee were appointed and this afternoon other business was given attention. Last night a rousing temperance meeting was held at Good's Opera House, addresses being delivered by Roman Catholics and Protestants interested in the cause of temperance. The convention will close this afternoon.

NOW A BICYCLE FIRE BRIGADE.

Latest Cycling Innovation to be Brought Forth in Brooklyn.

New York, June 3.—The next cycling innovation to be made is a bicycle fire brigade. The organization has already been made by the young men of Ridgewood, Brooklyn, and just as soon as wheels to carry hose and hook and ladder are made the volunteer fire laddies will stop running with the machine and pedal their way. The cry of fire will then be a summons to mount the wheel, and as fast if not faster than horses can run the cyclists will ride to the flames, clanging the bicycle bells on the way and shouting to clear the track.

Trunk of a Murdered Child.

Lancaster, Pa., June 3.—There is a great deal of excitement in the northern part of this county over a ghastly find made by a party of children in the Colebrook Hills on Sunday. While roaming through the hills they were attracted by a very offensve stench, and searching between the rocks near by, they first found a leather satchel, which was empty. In a short time they came across a sack, which was lying between a lot of rocks. Around it was a lot of the kind of shavings that are known as "excelsior," used by furniture men in packing goods. They found that the smell came from the bag, which was tied securely. The children opened it, when a horrible sight met their gaze. In the bag was the trunk of a child about 8 years of age, the arms and legs and head of which had been cut off, apparently with a sharp ax or a chopper. No traces of the head, feet or hands could be found.

Due to a Love Affair.

Evansville, Ind., June 3.—Miss Alice Fritsch is dead from a pistol wound through her head, inflicted with suicidal intent. She was about 19 years of age and was betrothed to Prof. Flock. Yesterday morning Miss Fritsch and her mother had some words concerning the approaching marriage. A few minutes afterward her mother heard a pistol shot, and found her daughter lying on the floor with a bullet wound in her right temple. She died at 6 o'clock last evening. Her mother is almost insane with grief, and a close watch is kept on her to prevent her committing suicide.

Inspired by the Pearl Bryan Case.

Washington, June 3.—The Jackson-Walling murder trials and similar cases have inspired the introduction of a bill by Representative Lacey, of Iowa, to compel the attendance of witnesses summoned by criminal courts of states in which they do not reside. Under existing practice a state court has no power to compel the attendance of a witness from another state, but Mr. Lacey believes that under the general welfare clause of the constitution legislation for this purpose can be enacted. His bill makes failure to answer a summons a misdemeanor.

Scheme to Rebuild St. Louis Homes.

St. Louis, June 3.—A movement has been inaugurated to raise a fund of a quarter of a million dollars to aid those who lost their homes in the effort to rebuild. It is proposed to lend the tornado sufferers the money on a second mortgage.

Old Fire Arms Found.

Dublin, June 3.—The police have discovered in a house in Tyrone a lot of military rifles, bayonets and amunition. They appear to have been hidden a long time ago as all are out of date.

Won the Derby.

Epsom, England, June 3.—The Prince of Wales, Persimmon, won the Derby this morning.

Those people who said this is not a dark horse year were wiser than those who imagined that by multiplying candidates a nomination on the first ballot could be prevented and thus create a condition for trading and boss influence.

Our friend A. F. Smith, who has been for years conducting prohibition camp meetings at Oakland park can now conduct his debate feature within the ranks of his own party as it now consists of two wings. This will save time, trouble and expense and will draw like a family row.

Favorite Son Bradley very properly announces that his name will not be presented at the St. Louis convention and advises that the nomination of president should be made with as much unanimity as possible to the end that the party may at once enter upon the great conflict in which the free silver or cheap money sentiment must be crushed out and protection to American industries re-enthroned.

The Prohibitionists at Pittsburg, through the machinations of St. John, have divided, and St. John leads the free-silver bolters, or "broad-gaugers," to his Utopia of irrational theories and tads, while the "narrow gaugers" remain to keep up the traditionary policy of their party in antagonizing the liquor traffic. It is creditable to the "narrow gaugers" that they stood by their old colors and champion the single reform of suppressing the liquor traffic. St. John has put up a platform for his "national party," declaring for free silver, woman suffrage a[illegible] a dozen other things, and especially [illegible] protection." For a party to de[illegible] itself for "home protection" when [illegible] chief aim is to impose a flood of cheap [illegible] depreciating money on home owners and rot and impoverish them, is a masterly piece of impudence. That is the size of the philanthropy of the prohibitionists who have followed St. John and Helen Gougar into the so-called "national party." That is a pretentious name, but it doesn't fit the subject. There will be nothing left of it after the November election.

Manley says Maine has no second choice for president; that Reed will not accept a nomination for vice-president and that the Maine delegation expects to nominate Reed at St. Louis for president. If Mr. Manley had omitted the latter part of his statement the first might have some weight but when he says that he expects Reed's nomination for president at St. Louis it is very plain that he is talking through his hat and that all he said may be taken with a great degree of allowance. He does not expect Reed's nomination. Everybody expects that and in this case what everybody expects nobody will try to bring about and that is the end of the matter. Manley will not be able to create a faction in the party such as it had when Blaine was a standing candidate for the presidency and in the absence of a faction no one will even care to fight to prolong the contest at St. Louis as that could serve no other purpose than to weaken the party at the polls. The factional fight at Minneapolis had much to do with the defeat of the party in 1892 but in this nomination there is not the slightest excuse for any such condition of things. We do not believe Manley thinks so and we do not believe that Manley expects to make a fight for Reed at St. Louis because it would be useless and could serve no good purpose either for Reed or the party. Furthermore the country believes that if John A. Logan could afford to accept the nomination for vice president with Blaine, Reed can afford to accept the nomination for vice president with McKinley. Logan yielded a good deal when he accepted that nomination and Reed could yield as much.

Two Macs.

There is a movement on foot in New York to secure the nomination of McAlpin for vice president, thus making the Republican ticket two Macs.

What About Cuba?

It has been months since congress in a joint resolution expressed its wishes as to what the executive should do in relation to the Cuban question and yet Mr. Cleveland has paid no attention to the voice of congress though he knows that congress voiced the sentiment of the people of the United States. This government as administered by Grover Cleveland continues to act as policeman for Spain spending thousands of dollars every week watching, breaking up, or reporting expeditions to Cuba in the interest of the insurgents. The courts of the country have been invoked to punish American citizens for shipping arms and ammunition to help a people who have sacrificed everything to break away from the chains of Spain, while at the same time Spain has been permitted to come into this market and purchase provisions and arms and ship them without let or hindrance to be used in fighting the Cubans. This may be according to treaty, but under present conditions it is unfair and is not endorsed by our people. For this reason congress took action looking to the recognition of the Cuban patriots as belligerents which would put them on the same footing as regards purchasing supplies in this market that Spain now enjoys. It is evident the president is disposed to hold the Cubans by the throat in the hope that by this assistance Spain may be able to whip and murder them into subjection to Spanish rule. Probably when he discovers that even by his covert assistance Spain cannot subdue the Cubans he will come out some fine morning and be intensely Cuban and fire platitudes into Spain in great shape. But that is not the way the American people want it done. They are in favor of fair play in this case as they were in the Hawaiian affair where Cleveland made a botch of the matter. The Cubans are fighting for liberty from the rule of monarchy. They have shown a willingness to sacrifice their fortunes and their lives to secure it. They have worn out and whipped and forced one captain general to resign and Weyler, the second one, has been begging his government to call him home, while the Cubans are camping about Havana and have absolute control of more than three-fourths of all the territory in the island. American sentiment says that under these conditions the Cubans should be given a fair show. Grover Cleveland says no. The American people demand that the Cubans shall be conceded the rights of belligerents; the right to buy rations and arms in this country. Grover Cleveland says no; that as president he will play the big policeman for Spain, even though he is insulted by Spain, and will use the revenue service and the federal courts to see that the Cubans shall not buy a biscuit, or a cannon or a bullet or a shell from an American merchant to be used in their war for self-government. But Cuba will get help. In less than one year McKinley, who knows what liberty means, will be inaugurated president and then Cuba will not stretch out its hand in vain.

Martha A. Davis and famly.

Foul breath is a discourager of affection. There are more reasons than one for this. Foul breath is always an indication of poor health—bad digestion. To bad digestion is traceable almost all human ills. It is the starting point of many very serious maladies. Upon the healthy action of the digestive organs, the blood depends for its richness and purity. If digestion stops, poisonous matter accumulates and is forced into the blood—there is no place else for it to go. Before this, the fermented, putrid matter has indicated its presence by making the breath foul, the complexion sallow and muddy, the eyes dull and the head heavy. By and by, the germ infected poisonous matter in the blood causes weakness or inflammation in some part of the body. Then comes rheumatism, scrofula, consumption, liver complaint, kidney trouble and a half a hundred other ills.

The bad breath is a danger signal. Look out for it! If you have it, or any other symptom of indigestion, take a bottle or two of Dr. Pierce's Golden Medical Discovery. It will straighten out the trouble, make your blood pure and healthy and full of nutriment for the tissues. It is a strong statement, but a true one that the "Golden Medical Discovery" will cure 98 per cent. of all cases of consumption if it is taken in the early stages. It will relieve even the most obstinate cases of long standing.

Send twenty-one cents in one-cent stamps to cover postage and wrapping *only* and you will receive from the World's Dispensary Medical Association, Buffalo, N. Y., a large book of 1000 pages profusely illustrated, telling all about the "Golden Medical Discovery" and containing portraits, testimonials and addresses of hundreds of those cured by it. It is a complete Family Doctor Book.

WILL HELP ST. LOUIS.

Action of the Nellis Lyric Society at the Home of F. P. Howard.

The members of the Nellis Lyric society have decided to give a concert at the opera house in the near future, the entire proceeds to be used for the benefit of the sufferers by the St. Louis tornado. It is a very commendable action and no doubt a large sum will be realized. Mrs. Adeline Louise Nellis is the leader in the philanthropic undertaking and there are many ladies who will lend active assistance. The members of the society met at the home of Mr. and Mrs. L. L. Howard last night and after a conference decided to arrange for the concert. It is the idea to make the concert take large proportions as an undertaking and to try and enlist the sympathy of everyone. Neither Mrs. Nellis nor the society will get anything out of the concert and every cent of the money will be turned over to the cyclone sufferers. Mrs. Nellis said last night:

"When I read of the awful calamity and of the hundreds of needy and suffering it made my heart ache and I was at once filled with a desire to do something. I finally decided to come to Decatur and get up a concert, the proceeds of which would be turned into the fund for the sufferers."

The program will be made up of selections from the most talented artists this locality possesses. In a large part the choruses given will be from the recent concert and those who heard them will want to hear them again. The committees are made up as follows:

Notification—Miss Mina Nicholson, Miss Anna Brown.

Executive—Mrs. K. Harwood, Miss Eva Nichols, R. E. Dickinson, Milton Johnson, Jr.

Patroness—Miss Sallie Scruggs, Miss Beatrice Howard, Miss Mae Harwood, Miss Lilian Crea and Miss Eva Nichols.

The officers of the society are: President, Miss Sallie Scruggs; musical director, Mrs. Nellis; chairman of executive committee, Mrs. K. Harwood.

The different musicians who are wanted will be notified at once and the committees will go to work enlisting the sympathies of the community.

JUDGE FOUKE TELLS A STORY.

The Vandalia Jurist Was in the Martel House During the Tornado.

Among the fatalities reported first as the result of the St. Louis tornado was the name of Judge Fouke, of Vandalia, one of the judges of the Springfield circuit. He was badly hurt but not killed. The judge has written a letter to James B. Ricks, Taylorville, relating his experience. Here is the letter:

"Vandalia, Ill., May 31, 1896.—My Dear Ricks—Your letter and telegram were received for which I am so grateful. I can easily conceive the feeling of all my friends, both at the unfortunate and fortunate news from East St. Louis. I was in the Martel hotel when the crash came, and it was crushed like an egg shell, and I was underneath the wreck, was held down by heavy timbers across my back; for two hours I was in the most extreme agony. They say that it took seven men to lift the weight with prys in their hands. I was carried to a boarding house where I remained until 1 o'clock in the morning, and then taken on a truck to the hospital and taken from there home. I am much improved; no bones broken or serious injuries, "but out of the ring." Did you ever try to hold up a two story hotel on your back? Don't try it. It hurts. Give my kindly remembrances to your family and all my friends. Tell Major Vandeveer that I now understand why Mr. Atlas was round shouldered under his waist. I will see you all shortly. Truly your friend, J. Fouke.

"P. S.—This letter was written after the cyclone, which you must excuse. Bob Ross and others saw me at the depot the next day. I shook hands with Bob and he said, 'D— you, I told them a cyclone could not kill him.'"

J. F. ROACH ELECTED.

School Board Election Did Not Arouse General Interest.

The annual election for members of the board of education was held yesterday at the Woman's club house with J. A. Lytle and John E. Kinney as judges and Allan Litsinberger and Theodore Coleman as clerks. There was but one candidate in the field, J. F. Roach, and he received all of the votes, 226. Of this number 184 were men and 42 were women. Mr. Roach was the unanimous choice and he will make a most excellent member of the board.

"Prove all things; hold fast that which is good." It's not good for everybody, only for the thin, pale, sick, weak and weary. For those who are starving for want of digested food. For those who cannot get fat or strong, because their stomachs do not work as they ought to.

These are the people, millions of them, whom Shaker Digestive Cordial will cure.

The Corn Crop.

The corn crop looks even more promising now than it has at any previous time this year. Many of the farmers will lay by their corn in a short time and some in the southern portion of the county have already done so. The crop will be a big one if nothing happens to ruin it. The yield of fruit will also be great. The heavy rainfalls of the past month have done much to help the farmers.

Married in San Diego.

Miss Annie L. Schaub, of Decatur, and Philip Colburn, of Platteville, Wis., were married at 2 o'clock yesterday afternoon in St. James' Episcopal church at San Diego, Cal. The ceremony was performed by the rector, Rev. Mr. Henson. Only three or four friends were present. Immediately after the ceremony Mr. and Mrs. Colburn went to El Cajon, eighteen miles from San Diego, where they will make their home on a fruit ranch.

The Millikin Home.

The regular meeting of the Anna B. Millikin Home was held yesterday afternoon at the home of Mrs. F. O. Damrow on Prairie avenue. The reports show that the home is in a splendid condition. At present there are four children and six old ladies at the home. The next meeting will be held at the home of Mrs. W. F. Busher on West Macon street. During the past month donations have been received from the following persons:

The Wheelmen's Club.

The members of the Decatur Wheelmen's club held a meeting last evening at their club house. When everything is settled up the boys will have cleared about $20 on the Decoration Day road race. They got the money on the entrance fees and program advertisements. The members of the club were well satisfied with the results of the race. Resolutions of thanks were passed thanking Dr. Catto for the use of his yard, the newspapers and everyone who assisted in making the road race a success.

The members also talked over the matter of holding a race meeting this summer. It was suggested that August 15, the anniversary of the organization of the club, be selected as the time for holding the races. The members looked favorably upon the idea of a stock company taking hold of the race meeting.

THE NEW C. P. CHURCH.

The Plans of Architect Henry, of Akron, Ohio, are Selected by the Building Committee.

The members of the building committee of the Cumberland Presbyterian church held a meeting yesterday to decide on plans for the new church which the congregation will erect at the corner of West Eldorado and North Monroe streets. After being in session all day the committee decided in favor of the plans submitted by Architect Henry, of the firm of Henry & Sons, of Akron, Ohio. The other architects who submitted plans were Architect Buckingham, of Jacksonville, and C. S. Bainum, I. D. Stine and R. O. Rosen, of this city.

The plans which were accepted provided for a building 87x84 feet in dimensions and of the Romanesque style. There will be a tower at the corner and one on each street. The church is to be of Decatur brick and will cost when completed about $15,000. The main entrance will be in the corner with openings on both Eldorado and Monroe streets. The main auditorium will be amphitheatrical in style, with a bowed or raised floor. It will have a seating capacity of 425. Connected with it will be a Sunday school or lecture room capable of seating 150 and so arranged that when each is used separately it will be complete in itself, and when thrown together will form a semi-circle with the speaker's platform in the center. Great sliding doors will separate the two rooms. There will be no pillars or posts between the rooms. Surrounding the lecture rooms will be seven class rooms radiating from the superintendent's platform. The class rooms will be in two stories with a gallery in front of the second story. All the occupants of all the rooms will be able to see the superintendent or the pulpit if the big doors are open.

When all the rooms are thrown together the building will have a seating capacity of 1,000.

The basement will be finished and will be used for social purposes. There will be a kitchen complete and a large room that can be used for a dining room or for social gatherings. One feature about the basement will be that it can be entered from the street, so that the whole church will not have to be opened to use the basement. Besides the rooms already mentioned there will be a pastor's study and a ladies' parlor on the first floor.

A noticeable feature of the windows will be two transept windows, each 16x30 feet. Cathedral glass will be used.

The roof will be of slate. The interior will be finished in natural wood, but the wood has not been decided upon.

There are still some matters in connection with the building to be decided upon. Mr. Henry will finish the plans at once and then the contracts will be let. Work on the building will begin soon. It is not expected that the church will be done before next year.

M'KINLEY CLUB MEETING.

To Be Held Thursday Evening June 4, 1896 at Abbot's Hall, Old Presbyterian Church.

All the members of the Decatur Republican McKinley club are hereby notified of and requested to attend a meeting of the club at Abbott's hall—Old Presbyterian church on West Prairie avenue—Thursday evening, June 4, 1896, for the purpose of considering the matter of receiving and entertaining the Chicago Marching club while in Decatur, attending the St. Louis convention and such other business as may come before the club. J. G. Badenhausen, Pres., W. N. Andrews, Sec.—2d-td

Horses Wanted.

For the city of Decatur, one pair of smooth, sound horses, five to eight years old, well broke, good style and action intelligent and well bred, weighing from 1050 to 1200 pounds. The purchasing committee will be at Tom Donke's wagon yard on June 5, 1896, from 3 to 4 p. m., for the purpose of buying this team. C. S. Hankins, Chairman Purchasing Committee.—1d-5t.

Yesterday in the county court A. H. Mills filed an information charging Eliza Ray with larceny. The girl is about 15 years old and several weeks ago with her mother and three other members of the family were picked up by the officers. They had been living in a hut and were absolutely destitute. The eldest girl, Eliza, was sent to the Anna B. Millikin Home but she has proven beyond the control of the matron. The will steal anything that she can get her hands on and as there are no adequate measures of restraint at that institution, the girl will perhaps be sent to one of the houses of refuge at Chicago.

POLICE ARREST AN ARMY.

Members of the Salvation Organization Taken to the Station Last Night by Four Officers.

Considerable excitement was caused on the streets last night at about 8 o'clock, occasioned by the wholesale arrest of the Salvation Army, about twenty-five in number. The officers had received protests from various merchants on Lincoln square about the army causing the sidewalks to be blocked and in other ways interfering with the proper conduct of business. The matter was laid before the city council Monday night when a vote was taken instructing the mayor and the police to enforce the ordinance. Tuesday the mayor had an interview with Captain Stone, the lady exhorter in charge of the army. He pointed out the provisions and penalties of the ordinance relating to blocking the sidewalks, and advised her to observe the law. Captain Stone, who is an enthusiast in her work, did not impress the mayor that she had any intention whatever to observe the law, in fact stating that she would go ahead and hold her meetings as the Lord was on her side.

It was evident that the army expected trouble last night for they had a big time at their barracks before they came down the stairway for the usual parade. The army had increased in size to four times the usual number, and the enthusiasm was at a high pitch from the start. The sidewalk was blockaded and Captain Stone did not harken to the orders to move on. Thereupon the officers placed the whole party of Salvationists under arrest and marched them off to the police headquarters. There were about fifteen women in the party. On the way to the court house with two officers in front and two behind the army kept on shouting and singing, "We Will Follow Jesus," and also "The Pilgrims of the Lord Have the Right to Shout and Sing." A great crowd of people, many of whom did not know what was up, followed the party to the jail, and many thought that the entire army would have to go behind the bars, but such was not the purpose of the police. They were arrested for violation of the ordinance and it was necessary to take the party to the office of Marshal Mason that arrangements might be made for the appearance of the accused at trial. The marshal had Captain Stone and all of the prisoners brought into his private office. He had a talk with them, which finally resulted in the release of the entire party on their own recognizance for trial in Justice Odor's court this afternoon.

Later the Salvaitonists had a time at the barracks, after marching noisily from the police headquarters to the meeting house on Merchant street.

The arrest of the army aroused considerable indignation among some of the citizens. They thought the arrest savored of persecution. There were others in the crowd who said the army leaders never failed to warn the people that they must obey the Divine law or they would be lost forevrr. They believed the Salvationists ought to be consistent and obey the civil law applying to sidewalks and all other offenses in the community.

There will probably be a lively time at the trial. The office will not be large enough to accommodate the crowd.

SACRIFICE SETTLEMENT.

Business Failure at Marea the Result of Bad Speculations.

The dry goods firm of Moser & Friedman at Marea, made an assignment yesterday for the benefit of creditors, and as a consequence of the embarrassment the Friedman bank went out of business, transfering its interests to Crocker & Co. William Moser and Meyer Friedman were members of the dry goods firm and M. & F. conducted the bank. Mr. Moser engaged in speculations of an unfortunate nature and he lost about $20,000, which he obtained from the bank. He could not produce the money and the bank had to suspend business. Then Crocker & Co. bank stepped in and assumed all obligations and no one will lose a dollar Various transfers of property were made in effecting the settlement, the Friedmans giving up all their property, refusing to retain anything in order to make all obligations good. Besides being connected with the bank Mr. Moser was associated with his father-in-law, Meyer Friedman, in the dry goods business under the firm name of Moser & Friedman. Meyer Friedman has been in that business in Marea for thirty-five years. All the buildings and stock of the dry goods firm were turned into the assets of the bank, including a $5,000 interest which Mrs. Friedman had in the business, as well as the residences of both Moser and Friedman. The total amount turned in on this account was $22,000. Nothing was held in reserve, not even the homestead rights of the members of the firm, amounting to about $10,000, and which they could have had exempted if they so desired.

On behalf of the banking firm S. A. Friedman turned over the bank building and other collateral amounting to $9,000, which made up the balance of the $31,000 of liabilities. S. A. Friedman is a single man and has no personal property. He is the son of Meyer Friedman.

CASE IS CONTINUED.

The Members of the Salvation Army Will Have Their Trial Next Friday Morning

The case of the members of the Salvation Army who were arrested last night came up in Justice Odor's court this afternoon at 2 o'clock. On another page of this paper mention was made of the arrest of the army. The Salvationists were charged with violating the ordinance relating to the obstructing of the sidewalks and streets. The names of the corps which are mentioned in the complaint are as follows: Louise Stormking, Harry E. Wood, Ollie A. Wood, R. DeRuder, Elvera DeRuder, Olley Miller, Carrie Wents, Nellie Wallace, Minnie Williams, Iona Wilson, Minnie Clair, M. Speener, Will Babcock, Henry Miller, W. O. Miller, G. E. Sewell, Will Caldwell, James Bland, Will Wallace, Noana Sewell and Lilly Keenan.

Before the time for the trial Justice Odor's court was crowded with members of the army and others who were interested in the outcome of the case. Attorney D. C. Corley appeared for the defence and City Attorney Lee was there to prosecute. After being closeted for an hour the attorneys finally decided to continue the case until next Friday morning at 10 o'clock. The members of the army say that they will fight the case to the end and they seem to expect to win. One of the members coming down the stairway said to a brother: "We'll go home now, and we will fire a volley or two later."

DR. AYRES' REPORT

On the Condition of the Cyclone Sufferers in East St. Louis and St. Louis.

CHICAGO, June 3.—Dr. Philips W. Ayres, superintendent of the Chicago bureau of charities, returned yesterday from his visit of investigation in East St. Louis. He reported that city practically isolated and desperately in need of assistance. He estimated the number of homeless people there at 500 and urged the immediate sending of $10,000 by Chicago citizens to relieve the distress. He also said 2,500 St. Louis people were homeless and in need of assistance, despite the refusal of that city officially to ask for aid.

The 10-year-old son of Peter Cole, of Kankakee, fell from a boat into the river near the city pumping station and was drowned.

Prof. Hobson, of Bunker Hill, has been secured as principal of the Greenview schools the coming year.

OLD-TIME BELLS.

BY "THE POET OF THE SANGAMON."

Miss Isadore Langham, the authoress, has said: "Three inextinguishable lights have glorified and made the Sangamon River forever historic—they are Abraham Lincoln, James Reed Dills (The Poet of the Sangamon), and Marie Von Eisner." M. J.

O bells! ye bells of glory,
Ye told a wondrous story.
Last night, in dream, across the stream,
The little hills of home before me,
I saw your spires—the hopes, the fires
That lit my breast so early;
They sprang again as rang the strain
So grand, so silver clearly:
Old time ringing bells;
Duty, beauty, story, glory,
Joy's, and Sorrow's, but To-Morrow's
Clanging victory bells.

My old home's over yonder;
Below the valley's wander;
The years fled—my parents led
The daily round of honor.
The fate was mine to drive the kine,
To rear the harvest golden,
To dream, to burn, to strive, to learn
From books and volumes olden.
Old-time ringing bells;
Duty, beauty, story, glory,
Joy's and Sorrow's, but To-Morrow's
Clanging victory bells.

My Sangamon's the river,
That lights me home forever;
My life with it is closely knit,
And Time can part us never.
'Twas here the Muse of Lyre and Song
And misty presence found me,
And down the grassy banks along
In trance and music wound me.
Old-time ringing bells;
Duty, beauty, story, glory,
Joy's and Sorrow's, but To-Morrow's
Clanging victory bells,

And this the vale elysian,
The Rhymer's realm of Vision,
Where softly thro' his reed he blew—
To LOVE his happy mission.
"My rhapsody," he thought, "shall be
To tell the world of Beauty."
Ah!—ho! thou Blast! bear now, at last,
His peans RIGHT and DUTY!
Old-time ringing bells;
Duty, beauty, story, glory,
Joy's and Sorrow's but To-Morrow's
Clanging victory bells.

O bells of story; ringing
Across the glory, ting'ring,
Of Lincoln great, and Oglesby,
And the lass, Von Eisner, singing;
A farmer-boy I drive the kine,
In dreams; but o'er all other
The Poet's wealth of thorns be mine,
If so I free a brother.
Old-time ringing bells:
Duty, beauty, story, glory,
Joy's and Sorrow's but To-Morrow's
Victory, victory bells!

The 10-year-old son of Peter Cole, of Kanakkee, fell from a boat into the river near the city pumping station and was drowned.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. At West's drug store.

Diagnosis of Grippe.

True grippe is a germ disease. These germs are in the circulation and pervade every tissue and organ of the body. This brings speedy collapse and often death to the aged and debilitated. The only germicide known that searches out and destroys every grippe germ in the system is Brazilian Balm. A week or ten days' treatment effects a complete cure.

Albert Mack, of Springfield, a negro aged 19 had his left hand blown off by the explosion of a gun.

About the Eye.

For people with sore eyes, weak, watery eyes, and red and inflamed eyes, caused by age, catarrh or otherwise, the Brazilian Balm is a priceless boon. Put 15 or 20 drops of Balm into a spoonfull of warm water and bathe the eyes well night and morning, getting some of the solution into the eyes. The relief and benefit is worth a hundred times the cost.

Mrs. Edward Brunsman, of Greenview, fell from a ladder while picking cherries and broke her right arm.

A Valuable Prescription.

Editor Morrison, of Worthington, Ind., *Sun* writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Anna Stehle, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and strength. Price 50 cents and $1.00. Get a bottle at West's drug store.

Elder E. C. Stark, of Delavan, delivered the memorial address at Farmer City Saturday.

Dr. L. Kittinger, a leading physician of Wilmington, Del., asked the proprietor of Brazilian Balm to send him a dollar bottle. A few weeks afterwards the doctor said: "I had a couple of cases of old Cough on hand that completely baffled me. I had got to the end of my string. But the Balm made a prompt cure in both cases. It is a remarkable remedy."

Peaches, pears, cherries, currants, gooseberries and grapes will be plentiful. Apples will be a small crop.

Deafness Cannot be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, dearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Three Meals
a day, no matter how warm the weather. And yet the task isn't such a burdensome one, even in weather as warm as the present, when you have a gas range. If you have not a gas range there is certainly no good reason why you should not get one at once. In the first place the price of fuel gas has been reduced to $1.25 a thousand. This makes
Gas the Cheapest Fuel
you can use. It is cheaper than gasoline at 11 cents a gallon, and then it make no odor; there is no danger and no insurance permit is necessary. You turn the valve, you touch the match, and when the meal is done another turn of the wheel and the expense stops.
How Simple! How Comfortable!
You do not know what you are missing if you are still doing your cooking over an old-fashioned coal stove or a dangerous, ill-smelling gasoline makeshift. Not only has the price of fuel gas been reduced, but in order to get as many gas ranges into operation as possible this summer,
The Decatur Gaslight & Coke Co.
have bought a large number of various styles of the lastest and best gas ranges made and are offering them at exactly what they cost to manufacture. If you are interested in the subject, and every woman should be, call at their office in the
PASFIELD BUILDING,

see the gas ranges they are showing, and be surprised at how few dollars it will take to get one of them.

He thinks that he is getting along pretty fairly considering the season of the year. Extra precautions have been taken to keep the people off the green work.

Some of the members of the Decatur club will have to take a walk if the base ball club goes into the Western association. If Decatur takes the place of Quincy or St. Joe the team from one of the cities named, or the best players in the bunch, will come to Decatur with the franchise. In case Manager Decker does not want all of the professional players he can let them go, but it is probable that he will keep most of them.

THE MEMORIAL DAY MONEY.

Discussion as to Its Disposal—Fourth of July Celebration Has Been Abandoned.

The idea of holding a big Fourth of July celebration in this city has been entirely given up. The matter was abandoned a week ago but there was some talk of another effort being made to secure the money to carry out the plan. The idea originated with Dr. Bumstead and it was presented to the public through the G. A. R. That organization appointed a committee to have charge of the arrangements. Preliminary plans were made but when matters reached a point where it was necessary to find if the money would be forthcoming those who were to have charge of the finances found that they would be unable to collect subscriptions to pay the expenses. When it was announced that the celebration had been given up some of the younger men who were anxious to see the plans materilize decided to take up the matter of collecting the subscriptons. Dr. James L. Bevans has made an effort to organize a committee and today he solicited among the business men. Many of the citizens refused to give anything at all. Many expressed doubt as to the probability of the plans being carried out.

A member of the committee who collected the funds for Decoration day says that there is great dissatisfaction among the citizens. It was promised that there should be a band in the procession. The band didn't appear in the procession and the people who furnished money complained. The committee will now hold an amount of money equal to what it would cost to have hired a band and will dispose of it in any manner in which the contributors direct, either refund it to the donors or start a relief St. Louis fund. One of the committeemen in speaking of the matter said that he did not consider it right to accept money for a band from the citizens when the band was not hired.

DECATUR AT TERRE HAUTE.

Goodman's Band Praised by Press and People—Post K in the Lead.

Goodman's famous band was at Terre Haute yesterday and led the procession in the great parade of the National Traveling Men's association, winning golden opinions from everybody, and doing great honor to Decatur. The parade was one of the largest ever witnessed in the Hoosier city, while the illuminations and decorations must have been as resplendent and srlking as those witnessed at Moscow in honor of the new czar.

The members of Goodman's band are more than pleased with the princely attentions given them by Post K of Decatur, which organization engaged the band for the trip. They say they were never treated so well, and will ever remember the liberal courtesies extended.

In the Terre Haute Express today appears this complimentary reference:

The Express last night was favored with serenades by the "Eclipse" band of Sullivan, and the Goodman band of Decatur, Ill., which accompanied the T. P. A. post of that city to the convention here. Both bands rank among the best musical organizations in the country. The Decatur band also serenaded Governor Matthews at Terre Haute house and the governor responded in a well worded speech, complimenting the members for the excellent music they rendered. Mayor Ross also spoke briefly in behalf of the city. The Decatur band is readily conceded to be one of the best musical organizations in the entire west.

IS IT ALL WIND?

President Hickey Says He Knows Nothing of Decatur Plans.

It has been stated lately in these columns on the authority of Manager Decker that there was a strong probability of the Decatur club going into the Western association base ball league. There must be some error in the plans, if there are any plans. Read this telegram from the president:

St. Joe, Mo., June 3.—President T. J. Hickey, of the Western association, says he has had no correspondence with any one on the subject of a change in the league and the admittance of Decatur. He did not think the other clubs would be in favor of Decatur, for the reason that the clubs would find a difficulty in entering that point, which is not experienced by the present arrangement. Quincy has raised enough money to carry the club along, but the attendance has been poor, and if any club was to drop out Mr. Hickey thought Quincy might be the one. However, he had no information on this point. He exacted from all the clubs of the association a promise that whenever a move was made to sell the franchise he was to be the first person notified. He has received no information on this point from Quincy or any other city.

President Hickey is decidedly off on the point of accessibility. There is no city more accessible than Decatur within the bounds of the association.

Potatoes are Scarce.

Old potatoes are scarce in this city. Many of the grocers have not at all on sale. The old potatoes came from Michigan and the shipments which were ordered have not arrived. For several days past there has almost been a potato famine. The price is now 30 cents per bushel. New potatoes can be bought but they are yet rather expensive.

STATE CHAMPION.

C. M. Powers, of Decatur, Best Shot in the Bunch at Chicago.

HE CAPTURES THE C. L. SMITH CUP.

Defeat of Fifty Opponents with Inanimate Objects as Targets—It Was Fine Work.

Chauncey M. Powers, of this city, brought more honor and notoriety to Decatur yesterday in the great shooting tournament which has been in progress at Chicago. He won the Smith cup yesterday and is now the state champion, defeating fifty of the best marskmen in the state, including Dr. H. H. Frothingham, M. J. Eich, Dr. W. F. Carver and Ed Bingham. It was an achievement which all were striving to attain, but Chan held his nerve and took the cup. In speaking of the tourney the Chicago Times-Herald today says:

Albert Bacon, of Henry, Ill., won the board of trade diamond badge from a field of seventy competitors in the opening day's shooting of the Illinois State Sportmen's Association tournament at Watson's Burnside park yesterday afternoon. C. M. Powers, of Decatur, won the L. C. Smith cup for inanimate targets. Both men were dark horses and their winning was not anticipated, Bacon never having participated in the annual tourney before.

C. M. Powers, the "kindergarten boy," won the shoot off on the L. C. Smith cup with ten straight. Richard Merrill, of Milwaukee, performed the same trick in the E. C. cup event. Over 200 members were on the grounds.

The Shoot.

L. C. Smith cup, emblematic of individual state championship at inanimate targets; those making straight scores this year to receive 60 per cent; club of which winner is a member, 40 per cent of next year's entries for same event; twenty inanimate targets, $5 entrance, Illinois state rules. Dr. H. H. Frothingham 19, C. M. Powers 19, M. J. Eich 19, Dr. W. F. Carver 19, Ed Bingham 18.

The forty-six others in the list fell below 19, and in the shoot off for the prize, ten single targets, money divided, the result was:

C. M. Powers 10, M. J. Eich 9, Dr. W. F. Carver 9, Dr. H. H. Frothingham 8.

The portrait of Mr. Powers will appear in the Times-Herald tomorrow.

Y. M. C. A. BOARD MEETING.

The Members Arrange for a Lecture Course to be Given Next Season and Transact Other Business.

Last evening a meeting of the board of directors of the Y. M. C. A. was held at the association rooms. The most important business was that of making arrangements for the lecture course which the Y. M. C. A. will give next season. The committee which was appointed for the purpose was authorized to make contracts and decide on dates for the entertainments. The course this year will be the best that the association has ever given and will include excellent attractions along the line of art, music, science and education. The course will open with a concert by the Redpath Grand Concert company which includes five prominent musicians. Prof. Louis Favour, who spoke here last year, will give a lecture on dynamic electricity with X ray experiments. W. M. French, the crayon artist, will give a lecture illustrating the principles of art. William Hawley Smith will lecture on some educational subject and the course will close with an entertainment by the Royal Bell Ringers. The association will go to a good deal of expense in securing these attractions but they believe that they will be able to sell more tickets than if they had a course of cheaper entertainments.

The board decided to give a reception to the active members of the association some time in the latter part of the month. A committee composed of F. K. Pennington, D. A. Strader and J. L. Deck was appointed to make the necessary arrangements.

Secretary Woodford was authorized to correspond with physical trainers with the view of securing an instructor for the Y. M. C. A. gymnasium next fall. This summer the gymnasium will be open to the members but there will be no regular trainer in charge. In the fall some one will be employed to have charge of the classes.

The board adjourned to meet June 15 when two new directors will be elected to fill the vacancy of W. J. Huff who recently resigned and of another member who will soon send in his resignation.

Work Progressing Rapidly.

The work of making the cement pavement around the transfer house on Lincoln square is progressing rapidly. This afternoon it was almost half done. The pavement will add greatly to the beauty of the square and it is so graded that the water will run off and there will always be a dry place for the street car passengers to stand.
